Top 9 Tips for Properly Completing a Certificate of Veterinary Inspection (CVI)

#1

The most important thing to remember is that the certificate of veterinary inspection (CVI) **MUST BE COMPLETED PROPERLY** in order to comply with state and federal rules. Failure to comply may result in extra costs incurred at the destination and disciplinary action for you as the veterinarian, your clients, and/or the destination. Call 608-224-4874 if you need assistance.

#2

Make sure to use the **CORRECT CVI FORM.** Different forms are used for large animal, small animal, deer, and equines. For international movement, use a federal CVI, NOT a Wisconsin form.

#3

STREET ADDRESSES OF THE ORIGIN AND DESTINATION PREMISES must be written on the CVI. Animals cannot be sent from or to Post Office Boxes.

#4

If required by state or federal law, animals shipped interstate must have **OFFICIAL INDIVIDUAL IDENTIFICATION**. Contact the state of destination regarding ID requirements. If you are unsure which type of ID is correct, please consult our Official Identification Reference Deck for assistance found at datcp.wi.gov.

#5

DISTRIBUTE FORMS PROPERLY to ensure timely processing of your paperwork.

#6

Federal regulations state that you have **7 DAYS TO SUBMIT COPIES OF THE CVI** to our department AND to the state of destination.

#7

A VALID PERMIT NUMBER may be required here. Call the state of destination for the requirements. Contact information is on the back of the CVI and at datcp.wi.gov/animals/animal_movement.

#8

States may require specific TESTING OR QUARANTINE STATEMENTS. Contact the state of destination. Make sure the correct testing has been done within the required time frame, and that all information required by the destination state is included on the CVI.

#9

According to federal rule, in general CVIs **MUST BE ISSUED WITHIN 10 DAYS OF THE EXAM** date and are current for 30 days from the exam date.
